The Bridgehampton Historical Society was founded in 1956, and is chartered by the New York State Board of Regents. It is a registered 501(c)(3) organization. It currently owns and occupies two acres on Main Street in the Hamlet of Bridgehampton on which are situated two contemporary barns, a c.1870 wheelwright's shop, a 1907 jail, a c.1890 outhouse, and the c.1830 Corwith House (listed on the NYS Register of Historic Places). The Society has recently become the stewards of the 1840 Nathaniel Rogers House, and in collaboration with the Town of Southampton has embarked on a major restoration project of that house (also listed on the National Register of Historic Places).
